

Awarded India Country  
Partner of the Year  
thrice in the last four  
years

## **Sonata Recognized as Microsoft India Country Partner of the Year 2017, for the Second Consecutive Year.**

The Microsoft Country Partner of the Year Awards honor partners who have demonstrated business excellence in delivering Microsoft solutions to multiple customers over the past year. Sonata won the award for its continued investment in “Cloud First” as their GTM strategy. With continued growth in Azure and Office 365 areas, backed by a strong technical team that drives consumption and active usage, the award comes as a recognition of the value added to customers by Sonata over the past year.

Sonata was also named a global finalist for the 2017 Messaging Partner of the Year. Microsoft received 2800+ nominations from 115 countries for various award categories and Sonata was honored among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

Sonata also offers a range of industry specific IP based digital platform solutions on Microsoft Dynamics for Retail, Distribution and Travel, exemplifying how partners can offer new age business transformation solutions to customers, in alignment with Microsoft’s own strategy in this direction.
