### 26. Overview of the entity's material responsible business conduct issues

S. No.	Material issue identified	Is it risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Human Capital Development, Retention & Labor Practice	Risk	Sonata is a people-focused and talent conscious enterprise and to achieve leadership and scalable growth, the Company has aligned competencies of its human capital with technology enablement. Shifts in the global trends towards adoption of digital solutions have highlighted skilled-labour imbalance. The success of our company largely depends on attracting, motivating and retaining highly skilled technology professionals.	Sonata deploys best- in-class principles and practices to maintain a strong bond between the Management and the employees. Employee engagement is high, with periodic engagement programs across levels within the organization. Sonata's emphasis on its DNA (Deep Nurtured Attributes) coupled with exciting rewards and recognition, binds employees to the Company.	Positive: Improves people's performance, experience and has a direct impact on the Company's growth and customer satisfaction.
2	Corporate Governance & Business Ethics	Risk and Opportunity	Sonata is committed to good Corporate Governance. The fundamental objective is "enhancement of the long-term shareholder value while at the same time protecting the interests of other stakeholders without compromising on compliances of any laws and regulations. As regulations get stringent with time, we want to be prepared for future requirements while constantly reviewing our governance practices.	We have policies, processes, and systems to practice our philosophy on Corporate Governance. Recent additions to policy.	Negative: Incorporating policies and practices to ensure good governance enhances stakeholder trust in the organization.
3	Privacy Protection & Cybersecurity	Risk	Expansion of company operations and remote working could lead to an increase in data breaches. Effective management is essential to follow regulations across the globe and maintain a reputation among clients. We may incur financial liabilities if we do not breach privacy and incidents get reported.	We completed the new certification audits of Information Security Management System as per ISO 27001 standard and Service Management System as per ISO20000 Standard and added these new certifications for delivering Cloud Management and Support services.	Negative: these incidents can lead to regulatory and reputational implications.

S. No.	Material issue identified	Is it risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Climate Change (Climate Risk & GHG Emissions)	Risk and Opportunity	Climate Change risks are increasingly affecting our operations and profitability. The probability of carbon taxes in the coming years can impact our expanding opportunities. Initial investment for transitioning to low-carbon economy may be higher but long-term cost benefits will materialize through use of renewable energy and energy efficiency measures. We can also drive our revenue from providing climate-related technologies and services.	Sonata has successfully implemented energy efficiency and emission reduction initiatives. It has helped Sonata in reducing operational costs as well as reducing our carbon footprint. Furthermore, we want to transition to Renewable Energy and become Carbon Neutral by 2030 to eliminate dependability on Grid energy.	Positive: Financial implications can be high initially owing to increased operating costs in meeting the environmental standards but provide scope to stay competitive and capitalize on shifting preferences.
5	Customer Relationship Management	Opportunity	Customer relationships are central to our organization. Our ability to grow our customer base depends on the pace at which organizations digitally transform. Our strong digital services have been at the forefront delivering the business transformations for customers, through thought leadership, customer centricity, and execution excellence. To keep up with the changing consumer demand, we have now adopted bots or virtual assistants. This is likely to create huge growth opportunities for the market. The pandemic has created dynamic purchasing patterns of consumers and thus, major players in the market are developing ingenious solutions to cater to this changing demand.	To keep up with the changing consumer demand, we have developed and launched Harmoni.Al, the Responsible-first Al for Enterprises with a bouquet of Industry solutions, service delivery platforms, and accelerators using Generative Artificial Intelligence. Our offerings around Digital and Modern Engineering has matured and evolving very fast to meet the everchanging needs customers. The offering range from advisory consulting for digital transformation using Platformation approach, designing, building, deploying, and managing platforms.	Positive: Our customer relationships, stakeholder engagement, and proprietary tools to ensure faster r time to market and cost Savings and agile delivery have helped us acquire new customers and retain existing clients.

S. No.	Material issue identified	Is it risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Human Rights and Health & Safety	Opportunity	Sonata has an EHS team to ensure the employee's health and safety. Sonata has EHS policy for offices which is considered Safety of workers at workplace.	Sonata has helped its employees during COVID pandemic, with regard to assistance during hospitalization, vaccination & ambulance. Sonata is also finalizing its EHS policy for offices which will consider Safety of workers at workplace	Positive: Significant interventions for employee engagement, training and grievance redressal mechanisms in place have helped in employee retention.
7	Corporate citizenship & Philanthropy	Opportunity	Sonata works towards enhancing value creation in the society and in the community in which it operates, through its services, conduct & initiatives, to promote sustained growth in the society and community around it along with environmental concern.	Sonata believes in driving its community wellbeing initiative through a rigorous mechanism and strategy. With help of NGO partners who are working on various community wellbeing aspects, we cater to society. Robust review across levels from leadership to management levels helps in early identification of gaps and resolution	Positive: Impact and positive outcome of our initiatives will help improve trust and credibility.
8	Risk and Crisis Management	Risk	Sonata is exposed to a variety of risks; financial, business and climate change risks. Our business may be adversely impacted by unforeseen economic reforms, unfavorable currency fluctuations, increasing competition, and regulations across regions.	Our Company's Risk Management practice seeks to sustain the long-term vision and mission of our Company. It continuously evaluates the various business risks and seeks to review and upgrade its risk management process. Our Board constantly formulates strategies directed at mitigating these risks which get implemented at the Executive Management level and a regular update is provided to the Board.	Negative: Various risks can have negative financial implications.

S. No.	Material issue identified	Is it risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
9	Innovation Management	Opportunity	At Sonata, we have a strong culture of innovation, our workforce, research, and testing facilities have enabled us to expand the range of our offerings to customers and improve the delivery of our software platform and services. We customize it further to meet requirements from our clients across range of industries, geographies, and service or technical requirements.	Sonata launched two flagship events in  - Tech Fest: An event showcasing the best-in-class solutions that we have provided to our clients and prospects. A display of technical prowess and execution capabilities of Sonata  - Sonata Spark:     To encourage technological talent at Sonata to innovate for client success and identify solutions that can be incubated for growth.  We recognized innopreneurship through funding (Series A, B, C), cash prizes, publications/applications for patents and an opportunity to get showcased in Sonata CEC (Customer Experience Centre).	Positive
10	Resource Management (Water & Waste)	Opportunity	Resource efficiency is an opportunity for Sonata to improve process efficiency while minimizing environmental damage. The solutions we have adopted enable significant cost savings and a positive impact on our surroundings.	Following our few initiatives, we have in place:  Deployment of energy-efficient computers and sophisticated office automation, installation of sensors and energy meters for closed monitoring of AHU run hours on a daily basis.  Implemented new technology-based systems for washroom water management named HUIDA.	Positive: Financial implications are positive, resulting from various cost-saving measures

S. No.	Material issue identified	Is it risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
11	Supply Chain Management	Risk and Opportunity	Sonata has various suppliers who cater to our services & products. There is an increasing need for public disclosure and clients are demanding us on supplier assessment in terms of their ESG performance. We are expected to onboard suppliers who are doing sustainably better, evaluate their performance using ESG indicators. Our business is affected by the performance of the supplier's business, and we need to be diligent in Sustainable Procurement and Sourcing to carefully navigate supply chain issues.	Sonata is integrating ESG indicators for the purpose of screening suppliers at the time of onboarding in addition to cost and quality It is a positive step towards inculcating sustainability across the value chain and help our business in sourcing Sustainably.	Positive: Having a structured approach to embed sustainability across the value chain will help us mitigate supply chain risks and disruptions.

- 1. Sonata has an EHS policy. Sonata aims for continuous improvement in employee safety by committing to provide a leading environmental, health, and safety (EHS) programme. We recognise our company's dependency and influence on the environment, community, and social well-being of all its stakeholders. Sonata is committed to safeguarding the health and safety of its workers. We have an in-house EHS staff that efficiently drives and monitors health and safety activities.
- 2. We have installed safety signs at all Indian offices, including fire and electrical safety measures. Our EHS staff ensures that all personnel are aware of these signs and adhere to the safety guidelines.
- 3. We collect monthly data from all of our offices on usafe observations. We note this information in our EHS register and take the required remedial procedures to avoid any dangers.
- 4. We created an Emergency Preparedness Plan to guarantee that our personnel are ready to respond to any emergency circumstance. The document includes procedures for evacuation, first aid, fire safety, and other emergency situations.
- 5. To analyse each office's EHS status, we employ an EHS Audit checklist.
- 6. We conduct frequent Health and Safety Awareness workshops. Our personnel get training sessions, seminars, and workshops through these programmes.

Our Incident Management process includes four steps: Incident investigation, communication, recording and controlling, and root cause analysis for preventing measures. In case of any incident, our EHS team investigates it immediately and communicates the necessary information to all relevant parties. We record all incidents in an Incident Register and take necessary corrective actions to prevent future incidents. Our EHS team conducts root cause analysis to identify the cause of the incident and takes measures to prevent it from happening again.

# b. What are the processes used to identify work related hazards and assess risks on a routine and non-routine basis by the entity?

Our EHS team has the process to identify the work related hazard. In order to identify potential hazards, we have developed a Hazard Identification and Risk Assessment (HIRA) document. Our Environmental Health and Safety (EHS) team use it for the identifying the hazard and assessing the risk and then to evaluate it for the operational control to mitigate the risk.

Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from opera- tions adjusted for PPP)	-	0.00000053669	0.00000074
Total Scope 1 and Scope 2 emission intensity in terms of physical output		NA	NA
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. Yes, Earthood Services Private Limited has done the assurance for FY 2024 and FY 2023 data

### 8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details

Yes, At Sonata, we have implemented an active program aimed at reducing greenhouse gas (GHG) emissions. We are diligently monitoring our emissions and actively working to decrease them. Our efforts include the following initiatives::

- Operational optimization of engineering equipment during non-operational hours.
- Provided low-flow aerators for all hand washbasin sensor taps & provision of low-flow faucets at pantry & cafeteria dishwashing area.

- For AHUs provided back damper's which gets closed when one of the AHUs is switched OFF. This avoids the air leakage.
- Cold aisle containment for all the cold aisle to be done to increase the effective usage of cooling and to increase efficiency.
- Space Temperature Set-points changed to 24<sup>o</sup> C for energy efficiency.
- Optimizing/differing DG A-Check frequency by below options:
   Fortnightly Once. duction in Carbon Footprint.
- Ensure complete removal of dead loads during weekends, including turning off or unplugging heating elements of vending machines, switching off lighting circuits, and cutting off all manually operated loads.
- Renewable energy is used for the electricity requirement of Sonata Global Village offices in Bengaluru.
   This move is a testament to Company's commitment to reducing the carbon footprint and promoting eco-friendliness.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?: No. (Y/N) If yes, name of the external agency. All E-Waste, battery waste, hazardous waste are processed through approved/ authorized vendors.

Data specific to India. FY 2023 Waste data is corrected.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes

Sonata operates as a IT service-provider firm. The bulk of our waste originates from asset disposal, DG set operation, and pantry waste. We adhere to all regulations concerning the disposal of electronic and hazardous waste. Additionally, we prioritize recycling efforts to minimize landfill contributions. Our Asset Management Policy mandates proper maintenance of electronics for prolonged use and ensures authorized disposal through designated e-waste recyclers. Furthermore, we mitigate waste by opting for refurbished laptops whenever feasible, thereby reducing overall waste production.

Not applicable

#### 2. Please provide details of total Scope 3 emissions & its intensity, in the following format::

Parameter	Please specify units	FY 2024	FY 2023
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if avail- able)	Metric tonnes of CO2 equivalent	2603.53	2294.6
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO2 equivalent	0.00000003023	0.00000003080
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?

Yes, Earthood Services Private Limited has done the assurance for FY 2024 and FY 2023 data.

3. With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities

No Applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

S. No.	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with+ summary)	Outcome of the initiative
1	Renewable energy	Use of renewable energy in our total energy consumption	Decrease in emissions
2	Bathroom water management system	We use HUIDA system for the wash- rooms of offices	water use is considerably lowered as compared to a standard commode flush.
3	Office air conditioning control	Space Temperature Set-points changed to 24° C.	Reduction in energy consumption. Saving on emissions.
4	Routine maintenance	Performing routine maintenance on UPS and AC plants to ensure optimal functioning of the equipment.	Increased efficiency
5	Air conditioning	Cold aisle containment for all the cold aisle to be done to increase the effective usage of cooling and to increase efficiency.	Reduction in energy consumption. Saving on emissions.
6	Single Use Plastic free certification	Not using the single use plastic for water bottle and all other usage.	Reduces waste.
7	Lighting Sensor	Auto ON/OFF movement	Energy saving

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, the Company has a Business Continuity plan and disaster recovery plan, this is Audited and certified for ISO 27000 and SOC 2.

# Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner ESSENTIAL INDICATORS

#### 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback

Sonata has a well-defined process for Customer feedback survey which is typically done:

- At Critical Milestone or Release or Phase Completion
- At Project Completion
- At least every Six Month in case of multi-year annuity projects

Customer Feedback Survey is administered through the online Customer Feedback Survey tool. A defined set of questions based on Project type, delivery model and role and is triggered using Customer Feedback Survey tool.

Responses received are published internally by Customer Success team and feedback may include postive feeback, opportunities for improvement and any customer concerns. If Overall or Parameter Score less than Target or there are improvement areas suggested in the survey, the PM will identify corrective plan. Typically, the following are sources of Customer Complaints, but limited to. 1) Any direct complaints raised by customers, 2) Overall Rating rated 2 or less or any critical Parameters rated 2 or less in the Customer Feedback Survey

Project Manager and Delivery Manager acknowledge the compliant and feedback to customer and indicate the target date for resolution. The compliant is updated in the Log by Customer Success team and Management Representative.

The PM will share the corrective action plan with the DM, DD & Customer Success Team internally within Sonata. After review by DM &DD, PM will share the corrective action plan with the Customer. The PM along with his/her team will implement the corrective action plan. DM and DD will review the corrective action progress. The Customer Success Team will periodically verify whether the identified corrective action plan where applicable by the project teams has been implemented. Post implementing the actions for resolution, The PM will share the corrective action progress report to Customer contact and review the progress on actions and closure of customer complaints.
